HIS HOLINESS DUDJOM RINPOCHE
SANGYE PEMA SHEPA
Supreme Head of the Dudjom Tersar
密咒宁玛持明者敦珠桑杰贝玛协巴

Attention all faithful people throughout the world!

Ultimately, sublime beings are beyond death and birth. Yet for those who are lazy and believe in permanence, the present demonstration of how, in these degenerate times, our Sublime Guide and Refuge who served Buddha's teachings and sentient beings and was a representative of the victorious Buddhas of the three times, dissolved his body of form into the ultimate expanse is also a powerful teaching to benefit beings. Since he is the actual emanation of Padmasambhava, who said that his compassionate activity for beings will continue uninterruptedly until samsara is empty, it's certain he will appear again to serve the teachings of Buddha and sentient beings.

Regarding the search for his incarnation, as per the wishes and requests of all Dūdjom Tersar monasteries and communities both public and private, with complete impartiality we, the Dūdjom Labrang, will be sure to publicly announce the counsel and guidance coming from the great vision of the wisdom mind of the supreme master who has pure faith and samaya with our Lord of Refuge, just as soon as we receive it. Apart from that, we would like everyone to know that we have absolutely no way to recognize anyone else.

For the swift rebirth and imminent return of his incarnation, we have great hope that all Dūdjom Tersar public and private monasteries and communities with which we are connected will quickly accomplish the profound key points of the prayers and practices that have been prescribed. These include one hundred-thousand feast offerings to the Lama, Yidam, and Dakini wisdom deities, one-thousand recitations of Phurpa Namchak Putri Dogpa, one-million 100-syllable Vajrasattva recitations, one-hundred thousand prayers of petition for each of the protectors Lhachen, Zhan pa, Ekazati, Rahula, and Dorje Lekpa, Drakshul Wangpo, and Barwa Pundun, one-hundred thousand Sidög Tsakra Choksum recitations, and ten-thousand recitations each of Noble Tara, Barché Lamsal and Sampa Lhündrup prayers.

We earnestly hope that by such, the wisdom intentions of our sublime glorious Lama will be fully perfected in the immaculate expanse and his authentic and supreme nirmanakaya adorned with all the marks and signs of a perfect Buddha will quickly return in a body of form endowed with wisdom, love, and power, as a sublime guide and captain for the teachings of Buddha and beings, limitless as they are. Please, please make extensive prayers and protect us so that all non-conducive circumstances to accomplishing this be completely overcome and supportive conditions and all our aims be accomplished just as we wish without any hindrances!
